2014 Embraer Phenom 100E

ABOUT THIS 2014 EMBRAER PHENOM 100E

JETY PRESENTS THIS EXCEPTIONAL 2014 EMBRAER PHENOM 100E: An outstanding opportunity to acquire a meticulously maintained light jet presented in excellent overall condition, combining a refreshed cabin, updated exterior paint and a solid maintenance pedigree. This Phenom 100E underwent a complete interior refurbishment and exterior repaint in 2021 by Augsburg Air Service, giving the aircraft the appearance and feel of a significantly newer aircraft while retaining the proven reliability of the Phenom platform. Configured for six passengers, the cabin features a forward side-facing seat and a comfortable four-place club arrangement with executive tables, complemented by a belted lavatory with rigid door. Finished in elegant beige leather with matching carpet, the interior offers a clean, modern and welcoming environment suited for both corporate and private travel. From a technical standpoint, the aircraft has been maintained to a high standard and benefits from a clean damage history. Significant maintenance events have been completed in recent years, including a Hot Section Inspection in 2023 and the 10-year inspection in 2024, during which the exhaust system was replaced. These recent inspections enhance the aircraft's technical standing and provide the next owner with confidence in its operational readiness. This aircraft represents a compelling opportunity for an owner seeking a well-presented, turnkey Phenom 100E ready for immediate operation.
